Comments:

Unfortunately I didn't have a lot of time this weekend to contest (5.4 hrs) but it's always a good time to work the OK/OM friends. Lots of activity, great operators but very rough conditions on the low bands. Signals on 80 were very weak and on 160, they were in and out. 15 had spotlight conditions here on Saturday with very short openings. I hope to see you all in CQWW-CW in a couple of weeks.
